SPECIAL ATTENTION

Be sure and see my **FREE OFFERS** thruout this catalog. I am offering some wonderful **NOVELTIES** to you absolutely **FREE**.

TO MY CUSTOMERS AND FRIENDS

Perhaps you will be too busy to read this page clear through, but I feel that I owe it to my customers to thank them for their kind and generous orders that they have sent me in the past and I assure each and every one that they have been appreciated.

Your friends will be interested in getting this catalog, which is different from most they receive. I am sure they will appreciate it if you will hand them a copy or send in their name. Extra copies will be gladly sent to you on request.

My Seeds, Bulbs and Plants give satisfaction. I guarantee satisfaction (See My Guarantee). My long experience in this line of business and my large greenhouses for testing varieties enables me to select the best for my customers. You can be assured that nothing but the best will be sent you. Every plant and bulb that leaves my place is first class stock and true to name. Great care is taken to have each order packed carefully so that it reaches you in perfect condition. If my stock should prove to be other than what I claim for it, I will be pleased to have you write me, in fact, I will consider it a great favor.

MY PRICES—I am sure that you never bought as much seed of as high quality for your money. This I am able to do for the reason that I am a grower.

HOW TO ORDER BY MAIL—It is a very easy plan to order seeds from me by mail. In making out your order the first thing to do is to see that you have your Name, Post Office, R. F. D. and Box, County and State in full in the places designated for the purpose. Write the variety below, quantities you want and carry out the prices after each one. Enclose the total amount in any convenient form of remittance with your order and mail to me and I will see that your order reaches you in the best of condition. (Be sure and use my order sheet if you have one.)

SAFE ARRIVAL GUARANTEED—I guarantee all seeds, bulbs and plants to reach you in first class condition.

CUSTOMERS ATTENTION—When making out your seed order, kindly keep the vegetable and flower seeds separate on your order, which will make the filling of the order much easier and quicker.

HOW TO SEND MONEY—Remittances can be sent safely either by Post Office Order, Bank Draft, Express Money Order, Check or by Registered letter.

DELIVERY—Orders for seeds will be filled and sent as soon as received. Plant orders will be sent as early in the spring as the weather is safe, unless earlier shipment is requested.

Customers from Canada and Foreign Countries must remit at prepaid prices and add 20c additional for postage and packing on each dollar's worth of seeds ordered. **REMEMBER** that Canadian and foreign postage stamps have no value in the United States.

MY GUARANTEE

I know from careful tests, that all seeds I sell are of strong germination. However, if any should fail to grow if given proper care after planting, I will cheerfully refill that part of the order **FREE**. I cannot be responsible for the crop, nor for any amount other than the original cost of the seeds. I want every customer satisfied with all the seeds, plants, etc., I send them and should anything prove otherwise, I will appreciate a letter stating in what respect they are not satisfactory.

S. W. PIKE.

DEAR SIR:

Ogden, Utah.

I had to send you an order if it was only a small one and I want to thank you very much for the great success I had with the wonderful bulbs and seeds I got last year. (Signed) MRS. SADIE HANSEN.

Pike's Beautiful Dahlias

The Dahlia is one of the most popular summer blooming plants. It will grow in any soil and bloom from July until cut down by frost, when the bulbs should be taken up and stored in a cool, dry place for the winter. The bulbs or tubers increase each year and should be divided in the spring before planting.

NOTICE—All Dahlias delivered free of charge.

SPECIAL ATTENTION: Dahlias can be planted successfully up to July first in the northern states.

Dakota, N. Dak.
Dear Sir:—I wish to thank you for your excellent bulbs last year. I have never seen such wonderful gladioli, especially the Panama, as we had from them—surely the finest in town and the talk of the neighborhood.
(Signed) MRS. ELLEN HULLETT.

Eldora, Iowa
Dear Sir: The bulbs came to hand in splendid shape and I wish to thank you for the extra Gladioli bulbs, also for replacing the ones you sent me. I did not expect you to do this for you were not to blame for being frozen while in the mail. They are very nice bulbs and I thank you very much. You surely gave me a square deal. Pike's "Can't Be Beat" Roses

My collection contains only the best of the free blooming and most fragrant varieties that will give you the greatest satisfaction. I recommend this list for the general planting of the amateur who wishes a limited number of varieties, and who is desirous of a supply of extra choice flowers to cut throughout the summer and fall months. There is not one individual sort which I cannot endorse as possessing superior merit, all having been thoroughly tested.

My roses are all young thrifty plants grown on their own roots and will give better satisfaction and make nicer plants than dormant stock. Every plant you get is guaranteed to please or your money will be refunded. These roses will start blooming shortly after being planted and you will not have to wait several months before you can enjoy them.

CARE OF ROSES

Roses grown outside require spraying during certain times of year for best results. In some localities a small "slug" or worm destroys the leaves from the under side. If good Paris Green or Arsenate of Lead is sprayed on the bushes occasionally, this pest will be kept off.

Roses grown inside should be planted in heavy soil, if obtainable, for best results. Do not overfeed roses by using too much commercial fertilizer. When plants are in bud, a little manure water or bone meal fertilizer will be of benefit to the plants. This latter fertilizer should not be applied oftener than once every four weeks. Liquid manure water about once a week

SPECIAL NOTICE

In packing Roses soil is always left on the roots, which are then packed in wet moss for shipping. If customers prefer to have each Rose balled with soil on the roots, they must add 5c each to cover extra postage and packing. **BE SURE TO SPECIFY IN YOUR ORDER** and add the necessary amount to cover the order if roots are to be balled with soil. Example: 10 plants will cost 50c extra, etc. **NOTICE:** Orders for Roses can be filled every month in the year, if wanted. Roses planted in spring require less attention after being planted.

PIKE'S EVERBLOOMING MONTHLY ROSES

California Giant Aster

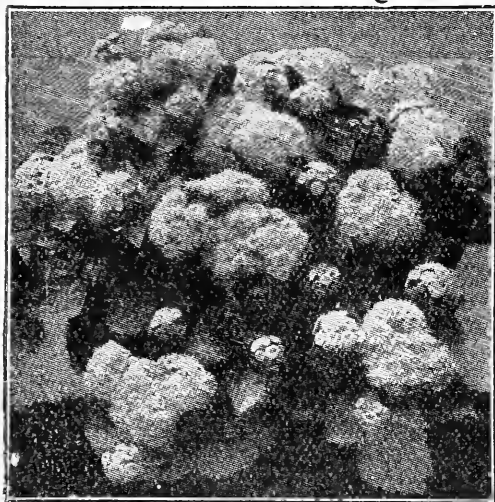

Eldorado Poppy

NOTICE—Owing to the fact that my supply of seed is very limited, I can only give a very few for trial, but with proper care each seed should produce a good plant, for all are sure to grow.

Pike's "Can't Be Beat" Flower Seed

Great care should be taken to sow the seed SHALLOW and to cover as thinly as possible with sifted soil or sand and press firm with a board. Keep watered frequently so that the soil will not crust on top, for the tender sprouts cannot push through the hard surface unless kept moist. Be very careful when watering not to wash the soil or sand and expose the seed, for if you do the germination will be destroyed. If possible use a FINE rose top sprinkling can when watering. (By following these instructions carefully, one will be surprised how easy it will be to succeed with my seed which has a high germinating test.

Ageratum

SPECIAL OFFER I. 600

Will send postpaid, my selection of 10 Iris for \$1.10.

JAPANESE IRIS

An orchid flowering type that is gaining in popularity. Commence blooming about the middle of June and continue 5 or 6 weeks. Flowers often measure 10 inches in diameter and over. Used as a cut flower they should be cut in bud and allowed to open in water. Price, Postpaid. Each 30c; 3 for 85c; 12 for \$2.98.

ATTENTION! Customers can place their orders for Fall Bulbs to be shipped C. O. D. for amounts of \$1.00 or more before September 1st.

All orders are accepted subject to my receiving the bulbs from the grower and I will ship as soon as received or return the amount paid for them.

If customers will place their orders now I can reserve the stock for them and ship during the proper season. These bulbs are all grown for me in Europe and imported for my customers in the fall of the year. Customers should send in their orders as early as possible, for I do not import a great many more than I have orders for and often late orders cannot be filled and I am obliged to disappoint customers.

HOW TO FORCE DUTCH BULBS FOR WINTER BLOOMING

Select a suitable jar or flower pot and use good garden soil. Fill the pot about half full of soil and place bulb in middle and cover level full with soil so that bulb is below surface of the soil. Firm with hand on top. Place in a cool place just above freezing and water heavily. Cover with straw or other litter and leave for six to eight weeks or until quite heavily rooted. Do not allow soil to become too dry but don't over-water until root action starts. When well rooted, bring plants to light and beautiful flowers will emerge in a few weeks.

Chinese Sacred Lilies and Paper White Narcissus can be placed in water with stones for support and will blossom beautifully.

WHITE QUEEN—White passing to pink. Each 7c; dozen, 68c, postpaid.

SPECIAL OFFER F.B. 43

Will send one each of the 9 kinds for 54c; postpaid; or will send 6 of each for \$2.98, postpaid. (Giant Darwin Tulips.)

FREE PREMIUM NOVELTIES FREE

How to Get a Packet of These Novelties Free.

On all orders received for Vegetable Seed amounting to 75c, customers may select any one of the following Novelties. If the order amounts to \$5.00 or more they may select one of each offered. Orders for "Collections" and "Special Offers" are not included in this offer unless for seeds.

GOLDEN ACRE CABBAGE—A type similar in appearance to the Copenhagen Market. Destined to become one of the leading early cabbages in the near future. Everyone should give this variety a trial, if interested in the cultivation of cabbage for home and market purposes. Postpaid, pkt., 15c; ¼ oz., 65c; oz., \$1.25.

GOLDEN PLUME CELERY—This seems from all appearance to be making the greatest impression of any new celery yet introduced. A cross between the White Plume and Golden Self Blanching. A very vigorous grower. Withstands heat and blight. Has a beautiful golden color with tender, crisp stalks. Postpaid, pkt., 25c; ¼ oz., \$1.35; ½ oz., \$2.60; oz., \$5.00.

MONSTER STRINGLESS WAX—A wonderful quality bean with immense thick meaty pods. Absolutely stringless. Pods are not as uniform in size as some, but its fine quality overshadows this drawback. Postpaid, pkt., 20c; ½ pt., 55c.

EARLY WONDER BEET—An early globe shaped, deep blooded red similar in appearance to the Crosby's Egyptian. Tops are quite small but large enough for bunching. A real good quality beet. Postpaid, pkt., 10c; oz. 20c; ¼ lb., 50c; lb., \$1.50.

PIKE'S EARLY WONDER TOMATO—Unquestionably the finest early tomato on the market and I don't hesitate to recommend it to my customers. It is very prolific, medium size, red, thin skin and excellent for canning or slicing. Plant 'Early Wonder' and have the first tomatoes in your neighborhood. Sold only in packets. Each, 10c, postpaid.

THE NEW WHITE TOMATO—This is a large fruited variety, vines very heavy in growth and when planted in good soil and pruned to a single stem the fruit reaches nearly a pound in weight. The tomatoes are a beautiful creamy white in color and grow in clusters; solid flesh and a very small amount of seeds. Sold in packets only. 10c postpaid.

PIKE'S MAMMOTH PRIZE PUMPKIN—This is one of the largest pumpkins in cultivation having been known to grow as high as 200 pounds. Notwithstanding its immense size it is among the best pie pumpkins. A fine grained flesh, sweet and tender. Requires a late corn season to mature, needs plenty of room. One plant to a hill reach its largest size. Pkt., 10c; oz. 20c; ¼ lb., 55c, postpaid.

PIKE'S YELLOW PEPPER—A very fine yellow Sweet Mango Pepper. A prolific yielder. Dwarf growing. One of the most beautiful of peppers. Especially appealing to those who like a very mild pepper. Sold only in packets. Each 10c, postpaid.

NOTE: No premiums are sent free with orders unless requested. Be sure and state which you want.

Pike's Vegetable Seed

New Stringless Green Pod Beans

ASPARAGUS SEED

CONOVER'S COLOSSAL—A very large green variety, tender and good. An old reliable variety which is still in great demand. Pkt., 7c; oz., 12c; ¼ lb., 28c; ½ lb., 48c, postpaid.

GIANT ARGENTUEIL—Stalks grow to an enormous size, sometimes weighing 4 to 5 ounces. Pkt., 7c; oz., 12c; ¼ lb., 28c; ½ lb., 48c, postpaid.

BONVALLET'S GIANT—This variety is a selection of some of the leading kinds. It has a delicate light color and very tender. Pkt., 7c; oz., 14c; ¼ lb., 32c; ½ lb., 54c, postpaid.

COLUMBIAN MAMMOTH WHITE—A vigorous grower producing nice white stalks of very tender quality. Pkt., 6c; oz., 11c; ¼ lb., 26c; ½ lb., 45c; postpaid.

PIKE'S FINEST BUSH WAX BEANS (Snap Beans)

WARDWELL'S KIDNEY WAX—This bean is in a class by itself. It is very early and yields a large crop of beans with pods from 6 to 7 inches long and stringless. An excellent market variety as well as home garden variety. Color yellow. Postpaid, pkt., 6c; ½ pt., 12c; pt., 22c; qt., 39c.

CURRIES GOLDEN WAX—Sometimes spoken of as Currie's Rust-Proof Black Wax, for its rust resisting qualities. A large producer, very early, with large golden-yellow pods. Excellent market variety. Postpaid, pkt., 5c; ½ pt., 12c; pt., 22c; qt., 39c.

IMPROVED GOLDEN WAX—An ideal bush wax bean that produces straight, lemon yellow, stringless pods that are brittle. This is probably the best well known variety grown. Postpaid, pkt., 6c; ½ pt., 14c; pt., 24c; qt., 42c.

IMPROVED EARLY BLACK WAX—Probably the earliest wax bean grown. Ideal bean for home and market purposes. Very vigorous and productive. Pods are of medium length. Vines medium in size. Bean is small, oblong and jet black. Postpaid, pkt., 5c; ½ pt., 11c; pt., 21c; qt., 39c.

DAVIS WHITE KIDNEY WAX—A very early bean with straight, bright yellow pods that remains tender longer than most beans and has a long bearing season. An excellent shell bean as well as snap. Postpaid, pkt., 5c; ½ pt., 12c; pt., 22c; qt., 39c.

NEW BRITTLE WAX—Known for its tenderness and fine yielding qualities, it is considered the best by some growers. Round yellow pods medium in size, light yellow, solid, stringless. It would be hard to find a finer bean for all purposes than this variety. Once planted always planted. Postpaid, pkt., 9c; ½ pt., 16c; pt., 30c; qt., 55c.

PIKE'S FINEST BUSH GREEN BEANS

NEW STRINGLESS GREEN POD (Snap Bean)—A very early and prolific bean, with long, round, thick, meaty pods that are entirely free from strings. For flavor it has no equal. Unlike many snap beans, age makes little difference, for they remain tender almost up to the time they are ready to shell. Plant every two weeks up to September for a succession of crops. Postpaid, pkt., 7c; ½ pt., 14c; pt., 24c; qt., 42c.

IMPROVED EXTRA EARLY VALENTINE (Snap Bean)—A heavy cropper, very early and productive with excellent round podded beans uniform in size. Pods are curved with crease in back, fleshy and tender. A great favorite with market gardeners for an early crop. Postpaid, pkt., 5c; ½ pt., 12c; pt., 22c; qt., 39c.

REFUGEE or 1000 to 1—A very productive bean as the name implies. It has wonderful qualities. Plant for late canning and pickling. Pods are long green, streaked with white and purple. Also makes a fair snap bean. Postpaid, pkt., 6c; ½ pt., 12c; pt., 22c; qt., 39c.

DWARF RORTICULTURAL—Used as a snap bean and for shelling. Has a fine flavor and is very tender. A very popular variety and largely grown. Postpaid, pkt., 6c; ½ pt., 12c; pt., 22c; qt., 39c.

WHITE BOSTON BAKING—The best baking bean grown. Sure to crop and very prolific. Beans are small, oval and white. Postpaid, pkt., 5c; ½ pt., 12c; pt., 22c; qt., 39c.

EARLY YELLOW SIX WEEKS—An old favorite that is very hardy and early. Strong grower, with long, straight, narrow pods and kidney shaped beans. Postpaid, pkt., 5c; ½ pt., 12c; pt., 22c; qt., 39c.

BLACK VALENTINE—An early, hardy variety that is a little later than most other beans, altho classed as an early bean. Will produce a large crop and never fails. Also a blight resister. Has long pods, nearly round and very full. Postpaid, pkt., 5c; ½ pt., 12c; pt., 22c; qt., 39c.

PIKE'S FINEST BUSH LIMA BEANS

PIKE'S IMPROVED BUSH LIMA—Excellent quality, fine flavor, good shipper, very prolific, matures early, fine keeper. Bears heavily until frost. The bean is medium in size. I do not hesitate to recommend this bean as one of the very best grown. Postpaid, pkt., 9c; ½ pt., 16c; pt., 30c; qt., 54c.

FORDHOOK BUSH LIMA—Very fine quality. Largely grown in the East. Known as the Improved Dreer's Bush Lima, with pods and beans about twice as large as Dreer's and two weeks earlier. Postpaid, pkt., 8c; ½ pt., 14c; pt., 25c; qt., 48c.

BURPEE'S IMPROVED BUSH LIMA—Quality good. Beans large. Quite productive. One of the best grown. Postpaid, pkt., 7c; ½ pt., 12c; pt., 22c; qt., 39c.

DREER'S BUSH LIMA—An old standby with short pods containing 3 to 4 beans of excellent quality and very sweet. Postpaid, pkt., 7c; ½ pt., 12c; pt., 22c; qt., 39c.

HENDERSON'S BUSH LIMA—An exceptionally early bean that is very productive. Pods are short and flat with small beans of excellent quality. Postpaid, pkt., 7c; ½ pt., 12c; pt., 22c; qt., 39c.

PIKE'S FINEST POLE LIMA BEANS

PIKE'S IMPROVED GIANT PODDED—A medium late that is very productive. An excellent variety that should be planted for both home and market gardens. Postpaid, pkt., 9c; ½ pt., 16c; pt., 30c; qt., 54c.

CARPENTERIA—The vines are vigorous, making a strong growth, producing large pods which contain four beans each. Skin is very thin and bean is very tender with an exceptionally fine flavor. Postpaid, pkt., 7c; ½ pt., 12c; pt., 22c; qt., 39c.
